Cobb Hill Construction completes 1,891 s/f office for Dr. Johnson

Belmont, NH - Cobb Hill Construction, Inc. has completed construction on a new dental office for Dr. Sharon Johnson at 207 Meetinghouse Rd. This twelve-week project was completed in early July.

The project began with the demolition of an existing structure on the lot, allowing a blank slate for the new 1,891 s/f office construction. Dr. Johnson's office spans multiple floors and hosts two treatment rooms, two hygiene spaces, waiting and reception areas, a business office, a private office, a sterilization center, a staff lounge, and a lab.

"This project was a prime example of our staff's ability to seamlessly integrate today's advanced equipment through our efficient construction process. We are pleased to have helped Dr. Johnson accommodate many more patients in a new and comfortable atmosphere," said Jerry Kingwill, principal of Cobb Hill Construction.
